ABOUT ME

Full-Stack Developer with approximately 5 years of experience, working across front-end, back-end, and integrations. I have a methodical and organized approach, value good architecture decisions, and constantly seek to improve the quality and evolution of the systems I build.

EDUCATION

● Bachelor's Degree in Computer Science

Cruzeiro do Sul University
2019 - 2023

QUALITIES

- 🗣️ Fluent English (reading, writing, conversation)
- 🔗 End-to-end ownership of features and systems
- 🔍 Debugging and troubleshooting in production
- 🔧 Code review and technical standardization
- 🗣️ Clear technical communication
- 📄 Architecture and decision documentation

PROFESSIONAL EXPERIENCE

● Full-Stack Developer | AI Products

2024 - 2026 | Hyperfy (Aivia Platforms INC.)

- Led development of white-label AI SaaS platform with end-to-end ownership of architecture, implementation, and operations.
- Architected multi-tenant system with subdomain routing, custom domains, and context propagation via Edge Middleware.
- Implemented complete billing with Stripe (Subscriptions + Connect), including webhooks and automated reconciliation.
- Integrated LLMs in production (OpenAI, Anthropic, Google) with multimodal streaming via Vercel AI SDK.
- Orchestrated and standardized configurable agents and workflows with LangChain/LangGraph for automations and external integrations.
- Standardized observability (Sentry + PostHog) and security (per-user AES-256 encryption).

● Mid-Level Front-End Developer

2023 - 2024 | GSS - Impact Development Company

Development of web applications for corporate clients using Next.js and TypeScript. Work on API integrations and UI component standardization.

● Front-End Intern

2021 - 2022 | The Foursales Company

Development and maintenance of features in web system, using React and TypeScript.

● IT Intern

2021 | SCPAR Porto de Imbituba

Technical support and development of small internal automations.

● Graphic Designer

2019 | Freelancer

Development of graphic projects and visual identity as a freelancer.

SKILLS

AI/LLM: Vercel AI SDK, LangChain, LangGraph, OpenAI, Anthropic, Google AI

Backend: Node.js, Stripe API, Supabase, PostgreSQL, Webhooks

Frontend: React, Next.js, TypeScript, Tailwind CSS, shadcn/ui, MUI, Emotion, Styled-components

Infra: Vercel, Docker, Git, CI/CD

Observability: Sentry, PostHog

PROJECTS

Movie Roll

Next.js web application with external API integration and deployment.

Supp.li

SPA with authentication and data management using React and Firebase.
